A WEDDING IN LUCCA, THE HOMETOWN OF GIACOMO PUCCINI

***In a few words getting married in Lucca means to make the happiest
day of your life last forever!***

LOCATION & ATMOSPHERE

You might be able to visit it in one day, but not even a life would be long enough to know it for real: [Lucca](#) is a magnificent town, far from the typical tourist routes, that hides an extraordinary wealth of medieval and Renaissance jewels; still surrounded by its **16th century city walls**, it has also been the location for many successful movies such as “**Portrait of a Lady**”, starring **Nicole Kidman**, **John Malkovich** and **Viggo Mortensen**. In this silent city, time seems to move at a different pace, no wonder you may feel like going back in time and encountering **Giacomo Puccini** - one of the most famous composers of Italian opera – who perhaps inspired by the peculiar atmosphere of his hometown, wrote masterpieces like **La Bohème** and **Tosca**.

OUR SERVICES FOR YOUR WEDDING IN LUCCA

Civil weddings can be celebrated in the **Orsetti Palace** and precisely in the wonderful Green Room, that is reachable from a majestic staircase; in case you wish to celebrate your wedding with a bigger number of guests, with an additional charge we can arrange your ceremony and banquet in one of the beautiful **historic villas** located in the surroundings.
